SMILE

"I've given up social media for the New Year and am trying to make friends outside Facebook while applying the same principles. Every day, I walk down the street and tell passersby what I've eaten, how I feel, what I did the night before, and what I will do tomorrow. Then I give them pictures of my family, my dog, and me gardening. I also listen to their conversations and tell them I love them. And it works. I already have three people following me... two police officers and a psychiatrist."
